Directory of Officials of the People's Socialist Republic of Albania

A Reference Aid

**Information received as of 31 October 1980
has been used in preparing this directory**

**CR 80-14733
(Supersedes CR 79-12598)
December 1980**

PREFACE

This directory is designed to meet the need for a functional reference guide to officials of the Albanian Government, the Communist party and other prominent public organizations. It has been prepared from information received through October 1980; however, due to delays in translation of foreign language source material, some changes prior to that time may not have been included. Duplicate names in the index should be considered to refer to different individuals with the same name. An (f) following a name signifies that the incumbent is a female. In some instances, subdivisions known to exist under major components are listed whether or not the names of the incumbents are known.

This reference aid supersedes CR 79-12598, dated May 1979.
